WE'RE HIRING

Architectural Visualiser

Job Opportunity

An opportunity has arisen for an Architectural Visualiser to join the team at Oasis Studio. The role involves assisting the ongoing delivery of our Interactive CGI services generated for EyeSiteView, a division of Oasis Studio.

About Oasis Studio

Oasis Studio is an award winning, multi disciplinary design and visualisation company specialising in serving the built environment. Services range from conceptual imagery through to marketing level visualisation, which we deliver in various digital formats including Virtual Reality and associated web based applications.

Our approach to is to employ staff that share our vision of excellence, provide you with the latest software, technical resources & guidance to assist you deliver the best service possible to our clients. We continually challenge the 'typical' ways of working so that we can deliver the most inclusive client experience.

Due to expansion & growth, we have recently relocated to a new office in Chesterfield in March 2019 and was also shortlisted for the FSB Employer of the Year 2019.

Position

The position is best suited to a candidate highly motivated with proven skills (be they self taught or industry trained) in the architectural and/or creative visualisation fields. e.g Architectural Technologist, Architectural Technician, 3D Visualiser, CG Artist, Creative Visualiser

You should also have a keen interest in new / emerging technologies and how they are changing the way consumers interact with products and the built environment around us.

REQUIRED

- Strong level of knowledge of Revit and 3dsMax (or similar software with transferable skills)
- Experience in Photoshop/photo editing software
- Good team working skills
- Good communication skills
- Excellent written and spoken English
- Passion for 3D Visualisation

DESIRED

- Understanding of residential building design & construction
- Good eye for detail and composition
- Computer literate with all office software
- Presentation skills
- Enthusiasm
- Passion for the built environment

PERSONAL QUALITIES

- Passionate about the Industry
- Attention to detail
- Motivated
- Driven
- Desire to succeed

PRINCIPAL DUTIES & RESPONSIBILITIES

Work roles primarily involves serving the interactive CGI requirements for EyeSiteView, a division of Oasis Studio. Typical instructions include understanding technical information to produce quality visualisation for output via a range of digital formats including Print, Web, Virtual Reality & Augmented Reality.

Passion commitment and enthusiasm are key qualities as well as an eye for detail and a creative flair.

Our clients demand high quality in short timescales so flexibility and team working is required to be able to step in at all levels to assist in completing instructions on time

PERKS OF THE JOB

We've expanded in the last year and looking to do the same again this year but remain relatively small with 16 employees so this is the chance for you to get in on the ground floor.

The right candidate has the opportunity to make a difference within a growing business with global reach potential.

We're pleased to offer our comprehensive benefits package. This includes:

- 20 - 24 days holiday per year increasing with length of service
- All Bank holidays off
- Competitive salaries
- Company bonus scheme
- Company pension scheme
- Healthcare package
- Fruit and tea & coffee supplied
- Great office social club

Salary is ultimately what you are worth and following the initial starting salary, it would be reviewed after 6 months + Bonus + Company Benefits

Start date to coincide with earliest, most convenient date of candidate.

APPLICATION PROCESS

Please email through a covering letter for consideration stating your work availability, salary / rate expectations and explaining why you believe you are a strong match for this position. Give an explanation of how your skills will assist in the expansion of our Interactive Visualisation services.

If your initial covering letter reaches the places others can't reach then we will send through an application form for completion.

We do our very best to respond to all applications. However, due to high volumes of applications we regret it is not always possible to do this. Thank you for your understanding and we wish you well in your career aspirations.
